No Hidden Agenda

A+ Customer Service (And I'm old enough to remember what that is!) Right from the onset it was abundantly clear that these professionals have no hidden agenda other than to ensure complete satisfaction. Each of the members I spoke to took the time to answer all my questions and address my concerns. The whole process from A(Ask) to B(Buy) was handled seamlessly and without hidden surprises. If you are going to invest in precious metals, do yourself a favor and at least check them out. You won't be disappointed.

Satisfactory Experience

I must admit I am very cautious when it comes to my family's security and was a bit skeptical when my wife suggested we diversify our savings into precious metals. With so many companies out there vying for attention it was exhausting finding an outfit that took the time with us to answer ALL our questions. The account executive we connected with at Goldco was engaging, informative, patient, and went out of his way to ensure we were confident and informed. Our IRA roll over went off smoothly and we are well pleased with our experience.

Communicate Honestly

It was my very good fortune to become aware of Goldco. The timing was excellent after being contacted by a multitude of other companies who sell Precious Metals. From my first phone conversation with several Goldco representatives, I was impressed with their ability to communicate with honesty, clarity and information focused on my individual needs. My purchase of a Precious Metals IRA has been completed and I can certainly highly recommend Goldco to you to protect your wealth.

Clear and Uncomplicated Process

Several months ago I could see a potential threat to my Personal Retirement due to the direction our current Government I knew I needed to look into another way to try and protect some of my Retirement. I was of course concerned and very leery because I was looking to invest a large amount of money. I came across Goldco online and began checking them out. I found nothing but good info from numerous Consumer Protection Agencies along with many Customer Reviews! I made the call and was fortunate to make contact with Marty. With his patience and ability to answer all my questions after many Phone Calls back and forth for several months, I finally felt comfortable enough to move forward and I couldn't be more satisfied with that decision! Actually wish I would have moved quicker. Marty then put me in touch with John who then walked me through a "clear and uncomplicated" procedure which again left me feeling very comfortable and satisfied with this "Big Decision"! I couldn't be happier to now be part of the Goldco Family! I definitely recommend them to any serious investor looking to protect part of their Retirement including my Family and Friends...
