

Dear {!Lead.FirstName},

It was a pleasure speaking with you about taking the essential steps to preserve and safeguard your investment portfolio with physical gold and silver. We partner with individuals like you who seek to diversify their assets with precious metals and take greater control of their personal wealth.

As we discussed, in a world of increasing financial complexity and uncertainty, it is more important than ever to make sound financial decisions. At Goldco, our mission is to share our decades of expertise in alternative assets so you can feel confident in the value of having a balanced portfolio with precious metals.

**We help thousands of individuals protect and grow their nest egg every day by:**

- Putting them in control with a Self-Directed IRA
- Educating them about the benefits of alternative assets
- Acquiring gold and silver as a hedge against the dollar and market volatility

You can download your complimentary copy of our **"Protecting Wealth: The Essential Guide to Financial Security"** below.

There is no assurance that commodities, i.e. precious metals, will achieve their objectives. Return and principal value will fluctuate and your portfolio, when redeemed, may be worth more or less than the original cost. No statement, presentation, article, or any other communication is to be construed as a recommendation to purchase or sell a security, or to provide investment, legal, accounting or tax advice. Customers should consult a financial advisor, attorney or accountant for investment, legal, accounting or tax advice. Customers should carefully read all documents provided, including sales literature, invoices and agreements, before making purchases. Customers should understand that all purchases have some degree of risk. Customers should make certain that they understand the correlation between risk and return. Commodities involve risk and are not suitable for all investors.
