

ABOUT YOUR CONSCIOUS CLEANERS

Beyond just a clean home.

Your Conscious Cleaners was founded by CEO, Rachael Lizzet, with a vision to merge the cleaning and holistic industry. Rachael saw an enormous benefit to focusing on both the cleanliness of your home and your wellbeing. Surrounded by like-minded people with experience and interest in energy work, meditation, yoga, and Feng Shui, she started her first cleaning crew in 2014. Rachael also developed a line of plant-based, eco-friendly products (used at every cleaning), to protect your home, family and the environment.

Throughout the years, Your Conscious Cleaners has grown into a trusted, upscale, holistic cleaning service in San Diego. They have been featured on 10News - ABC San Diego KGTV and are highly rated on Yelp, Google and Facebook.

Your Conscious Cleaners also actively supports and contributes to nonprofits that focus on improving and developing mental health.

OUR MISSION

To transform your home into a sanctuary by providing upscale, eco-friendly, holistic cleaning services and products that support your well-being and the environment.

OUR VISION

A healthier and cleaner world starts at home.

Our vision is to revolutionize the cleaning industry while bringing awareness to the importance of the health within you and around you.

Our intention is to create a community of people that inspire each other towards peace, kindness and higher awareness.
